Brian,

How do you propose we handle the conversion?

Henry

In the past, Fleming was the only ones authorized to change the artwork. If C & S Wholesale Grocers do not have anyone to change the artwork, I can work with IP & Superior Labels on making the revisions. I just to make sure C & S corporate is okay with me handling it locally!
Also, do C & S want to put the corporate city, state, and zip code, similar to what is on the current labels and cartons?

thanks

Importance: High

Randy,

Brian Christensen has informed us to change over our current labels and cartons to

RE Best Yet Label.txt
read "C & S Wholesale Grocers" as soon as possible.

Would you please provide us with a time schedule on the conversion?

Thank you

Henry

Brian,

Here's our current inventory on Best Yet milk labels and carton. I still need to get the inventory of cartons on cream and other items.

Keep in mind that we need to give advance notice to our packaging company and to run out of our current inventory. In addition, we need to revisit the terms of the agreement.

Thanks

Henry

Keep in mind, that the BY hg cartons are on inventory control with IP.
The cartons will continue to ship, until a decision is made! Thanks

Randy,

Brian from C&S distributor is requesting our current inventory on the Best Yet cartons and gallon labels. I believe they will be requesting us to switch over to "C&S versus Fleming".

Thanks

Henry
